DARROW JURY COULD NOT AGREE

On Last Ballot Stands Eight to Four in Favor of His Conviction

DEFENDANT ADMITS DISAPPOINTMENT

District Attorney Is Ready to Go Ahead With Another Trial of Case

LOS ANGELES, March 8.—After deliberating 38 hours and 40 minutes, the Darrow jury reported a disagreement shortly after noon today and was discharged by Judge W. M. Conley, after each juror had individually assured the court that his decision was unalterable. They stood eight to four for conviction.

Darrow's attorneys immediately demanded a new trial and that the date be set at once. Judge Conley said: "I should have been acquitted on the evidence, but wasn't. I'll stay here and fight as long as they want me to. My innocence was firmly established twice, but there were men on the jury who would vote to convict me even if they hadn't heard one word of evidence. I can keep going as long as Fredericks can. I hear he is going after me again. Well, I'm here, and my friends are with me."

District Attorney Fredericks said: "The case is still on the books and I'll prosecute it again. That's what I'm here for."

Darrow was apparently depressed when Foreman Pettinell read the result of the jury's deliberations. Immediately he gathered control of himself and prompted his attorneys in their demand for another trial.

Mrs. Darrow was pale, but smiled bravely at her husband. A score of friends rushed to their side and shook hands with them and escorted them from the building, followed by curious crowds.

Crowds gathered early to fight for places in the courtroom where the Darrow jury was scheduled to report at 10 o'clock. At 9 the jury was taken to the juryroom in the Hall of Records. It was generally believed that a verdict was impossible. Heavy odds were offered among betters that the jury would disagree and be discharged tonight.

Anxious Morning Moments

LOS ANGELES, March 8.—Shortly after 10 o'clock this morning the jury entered the court room and filed into the jury box. Foreman Pettinell announced that the jurors stood eleven to one, and that "Mr. Silas Stetson desires to read the judge's instructions." A copy of the instructions was carried to the box and the jury then returned to the jury room and resumed deliberations. The fact that only one juror was holding out caused a glimmer of hope for a verdict. The defense attorneys and the defendant seemed confident, while the crowd waited in intense excitement. Very few minutes passed after the jury returned to their room, without a call for the bailiff. Waiting then settled to the familiar routine.

Darrow and his wife were almost unable to gain admittance to the courtroom on account of the crowds. His attorneys and friends, aided by bailiffs, pushed a way through the corridors. Darrow was palpably nervous when he reached the court, possibly on account of the reports spread during the night that the jury had switched from a majority favoring acquittal, to a majority favoring conviction. Friends surrounded him constantly in court, reassuring him. When Judge Conley arrived he announced immediately that he would not convene court except at summons from the jury.

As soon as the jury had been discharged, Foreman Pettinell confirmed the following alignment of the jurors on the final ballot: For acquittal, Silas Stetson, El Monte; R. A. Burner, Duarte; H. J. Robinson, Los Angeles; Sylvester Grant, Los Angeles.

For conviction—Walter Arms, Los Angeles; George C. Hempel, Lankershim; William Ernest, Pasadena; Byron Street, Claremont; N. W. Hughes, Norwalk; David Dunn, Florence; Frank M. Sanderson, Whittier; Fred Pettinell, Hollywood.

The first ballot was six to six. After a dozen ballots, Dunn changed from acquittal to conviction. Early today Sanderson also came over to the prosecution. Innumerable ballots were taken, but the other four jurors refused to be moved.

Assistant District Attorney Ford refused to state whether there will be another trial.

Reach The Glad Hand All Across The Continent

Mr., Mrs. and Miss Everybody:
Monday, March 10th, has been set aside as "California Invitation Day," for 1913.

Encouraged by the great results from the invitations sent out in 1911 and 1912, we, as citizens of California, should again spread the invitation more broadly than ever before.

Every one in the state has some friend in the East who might be persuaded to come to California, either to locate or to visit, and it is no more than neighborly and hospitable for us to all join in one big invitation for them to come.

Colonist fares are in effect from many Eastern points to California, from March 15th to April 15th, and those who wish to locate here should take advantage of these low rates.

This is to urge you, your family, your friends and their families, to each and every one, on March 10th mail an invitation, letter or post card to some friend in the East, who may be influenced to come to California.

Yours for California,
"THE REGISTER."

PROSPERITY ALL OVER STATE SHOWN

Official Bulletin from California Development Board Gives Undeniable Facts

IMPROVEMENTS ON VAST SCALE MADE

Rainfalls North and South Bring Fullest Measure of Benefit to All Sections

SAN FRANCISCO, March 8.—The official monthly bulletin of the California Development Board which is based on special reports by reliable authorities in various counties covering nearly every section of the state, shows that February, 1913, was on the whole a month of pleasant weather in California with the exception of the rainy period mentioned later. There was less than the usual amount of rain except in the south, where, beginning Sunday, February 23, and lasting several days, precipitation was unusually heavy. At Pasadena, 8.54 inches fell in two days, and at Los Angeles 7 inches, breaking all existing records for that locality.
Generous rains fell in the San Joaquin valley and relieved the anxiety of ranchers and stockmen. The rain was not particularly heavy in the northern counties, and while there is no special suffering for lack of water, the seasonal rainfalls do not average more than two-thirds that of a normal year. The rain, however, has come at opportune times and there has been no waste. There has been more rain than at the same date last year. In the South the rainfalls are above normal, and much good was done by the heavy falls referred to above. There is a fair supply of snow in the mountains, well packed, and at low temperature. The

POLICE OPPOSED TO SUFFRAGISTS, CLAIM

WASHINGTON, March 8.—His sworn declaration that it is his belief that the police were in league with the hoodlums to break up the suffrage parade March 3 was given the senate probes today by George Canfield of Spokane, who testified that he asked a policeman what time the parade would start, and the officer answered: "There ain't going to be no parade; it's going to be busted."

General Anson Mills, one of the marchers, said the police made no effort to rebuke the "sneering gathering of hoodlums," and said "the men closed in on the marchers, jeered them, especially the men in line, calling them 'henpecked'."

PRESIDENT GETS TURNDOWN IN SENATE

Wilson's Brother is Defeated for Secretaryship After Two Days' Fight

OLNEY MAY GO TO ST. JAMES COURT

Politicians and Diplomats Begin Wondering Whether Real Fight Is On

WASHINGTON, D. C., March 8.—President Wilson got his first returns from the United States senate this afternoon, when he learned that his brother, Joseph Wilson, had been defeated in his candidacy for the secretaryship of the senate. James Baker is the winner after a two days' fight, for this very desirable berth.

Diplomatic Washington is looking at the result of this fight for this secretaryship, with a good deal of unfeigned interest, for there are those who claim to see in this action the opening of a breach between the President and the senate, that may mean bitterness and dissension. Wilson's candidacy is said to have been frowned upon by his president-brother, but this report has never been corroborated.

The fact that the secretary of the senate attends all executive meetings of that body, is regarded as having been the chief reason for Wilson's defeat, some of the senators taking the position that the President's brother was scarcely the man to have on the job if the senators were disposed to criticize the president, should such occasion arise.

Richard Olney of Boston, former attorney general in Cleveland's cabinet, has been offered the position of ambassador to England, and it is understood that he will accept.

GOUGH DOCTOR DEFENDS DR. FRIEDMANN

One New York Physician Steps to Front and Expresses Full Confidence

NEW YORK, March 8.—Dr. Max Landeman, director of the People's Hospital, rushed to the defense of Dr. Friedmann today, following his denunciation by certain New York papers and doctors. He said: "I conferred last night with Dr. Friedmann and I am convinced that whatever the merits of his remedy may be, he is sincere and is no faker. He is perfectly right in insisting that permanent record of all cases treated be kept. Certain New York physicians and newspapers have twisted and distorted everything he has done and have left nothing undone to blacken his reputation."

DR. FRIEDMANN HAS ASSIGNED CURE TO U.S. ARMY FOR TEST

The government will give the alleged cure a thorough test. Surgeons Anderson and Stimson have been assigned to investigate it.

Leading Social and Club Workers Demand Immediate Probe in California of Wages and Vice Reports

SAN FRANCISCO, March 8.—With the announcement today by State Senator Gerdes that he will do all in his power to force an investigation by the state into the rate of wages paid women in California, and the relation of low wages to immorality in this state, the movement is believed to be gaining official impetus. Gerdes declares that he approves the plan of Senator Grant to ask for the appointment of a special investigating committee, or have a probe made by the senate public morals committee. Gerdes also said today that he is certain the senate will back a probe similar to that now being made by the Illinois legislature.

Los Angeles Arouse!
LOS ANGELES, March 8.—Social workers and club women, apparently, are generally in favor of the investigation as proposed by Senator Grant and seconded by Senator Gerdes.

Mrs. Russell J. Waters, ex-president of the California Federation of Women's Clubs, today said: "I believe there is room for a probe in California. It would extend investigations to all occupations for women, not confining it to laundries, department stores and larger employers."

Mrs. Waters suggests that domestic service also offers a field for investigation.

Second Annual Banquet of the California Development Board Members

SACRAMENTO, March 8.—The second annual banquet of the California Development Board will this year go to Sacramento, and will be held at the Hotel Sacramento on Thursday, March 27.

The state-wide gathering will be held under the auspices of the Sacramento Chamber of Commerce, who are to be congratulated in securing so representative a gathering.

It will be remembered that the first banquet was held at the Palace Hotel, San Francisco, last April, and was the greatest assemblage of its kind ever brought together. Over a thousand men were present from every part of the state, and Secretary Knox was the guest of honor.

The object of these annual banquets is to promote the cause of state-wide unity, so happily inaugurated and fostered by the California Development Board.

The coming banquet at Sacramento promises to be especially helpful. Representative men will attend from all sections of the state, and speakers of state and national reputation will enlarge the great issues now confronting California. One topic for discussion will be: "California's State Fair and What It Should Be."

The legislature being in session, all the representatives and senators will be invited to attend as special guests of the Chambers of Commerce of their various cities, and an advance step in the cause of state development will be taken.

The committee on arrangements to act with the Chamber of Commerce are: Judge Chipman, Frederick J. Koster and Manager Robert Newton Lynch of the California Development Board.

Further information can be secured at the headquarters of the board in the Ferry Building, San Francisco.

MARYLAND WINS COVETED PLACE IN U. S. MARKSMANSHIP

The Georgia stood at the foot of the list of 25 ships for combined practice with a score of 9,325.

SUSPECT HE IS WHITE SLAVER

Local Authorities Learn That Man Arrested Here Was Touring Country

SENT POSTCARDS TO MANY YOUNG GIRLS

Huntington Beach Constable Has Evidence Showing Alleged Unsavory Doings

Persistent investigation on the part of Sheriff Riddock and District Attorney West, is slowly bringing to light many circumstances that tend to strengthen the suspicion that George Worthington, now an inmate of the county jail here, may yet have to answer the charge of having been concerned in nefarious enterprises in this section of the country.

That Worthington may be connected with the "white slave" traffickers is believed by the county authorities, as reported in the Register last evening; and this belief was made stronger today when it became known that the suspected man had been making himself decidedly obnoxious with young women at Huntington Beach and vicinity.

It is charged that Worthington wrote letters to a number of girls of the beach town, urging them to join him. City Marshal Vincent of Huntington Beach, has a card in his possession which was addressed to a girl there, and which is said to have been too suggestive for decency.

Worthington is reported to have a wife residing in Los Angeles, but it is not known whether she is aware of his present predicament or not. He is serving thirty days in the county jail.

Sheriff Riddock said today that his deputies are still investigating Worthington's conduct while in this city, and while there has been no definite evidence secured to show that he is guilty of the things of which he is suspected, the officers are disposed to believe the worst of him. Evidence in such cases is always hard to secure because of the natural hesitancy of any of the women involved, to testify.

GLOWN AND WIFE GUILTY OF MURDER

CHICAGO, March 8.—Charles Conway, the ex-circus clown, and his wife, Beatrice, have been convicted of the murder of Sophie Singer, a Baltimore heiress, in a lodging house last October. The jury recommended life sentence for Conway and fourteen years' imprisonment for his wife. The Conways have filed notice and will ask for a new trial.

SON OF NOTED SIRE IN DIVORCE COURT

NEW YORK, March 8.—Mrs. Lucy Drexel Dahlgren was today granted a decree of divorce from Eric B. Dahlgren, a yachtman and son of Rear Admiral John A. Dahlgren, a civil war commander and inventor of the Dahlgren gun. Mrs. Dahlgren, who was a member of the widely known Drexel family of Philadelphia, inherited a fourth share of a \$20,000,000 estate when her mother, Mrs. Lucy Wharton Drexel, died two years ago.

TOOK JUSTICE FOR GENUINE WEARY WILLIE

REDWOOD CITY, March 8.—Casting aside judicial cares for an afternoon of sport, Justice of the Peace H. W. Lampkin put on his hunting clothes today and prepared to leave for the hills. Before going he walked into a bakery to buy provisions.

His honor called for a loaf of bread, but the proprietress of the shop looked askance at the soiled hunting togs.

"Have you any money to pay?" she queried.

Lampkin blurted out his name and the shopkeeper supplied her customer.

Lampkin went on his way vowing never again to judge a man by his clothes.

San Mateo county vagrants may profit by the incident.

Odd Fellows Enjoy Delightful Dinner

ANNUAL DINNER SERVED BY VETERAN REBEKAHS AND
ASSOCIATES MOST ENJOYABLE OF ALL
SIMILAR OCCASIONS

Linked together in the bonds of Friendship, Love and Truth, that had been cemented by twenty or more years of fraternal brotherhood, the members of the Veteran Odd Fellows Association of Santa Ana, with their wives and a few invited friends, enjoyed their annual dinner last night in the spacious entertainment hall on the third floor of the I.O.O.F. hall on North Main street, between Third and Fourth. It was a most joyous occasion, made especially memorable by the generous thoughtfulness of the Veteran Rebekahs Association, whose members served the feast.

Merry and happy have been all the similar occasions in the past, but with one accord the dinner and its attendant features last night, were enthusiastically and with spontaneous unanimity, voted the best of all. The decorations of greens and flowers were artistically arranged, the banquet room being elaborately ornamented. Streamers of ivy were stretched just beneath the ceiling and from wall to wall, one giant loop forming the historic "Three Links" that are recognized the civilized world over as the emblem of the Independent Order of Odd Fellows—an emblem sacred to hundreds of thousands of noble men and women who in their daily lives remain true to its inspiring principles.

Tempting as was the dinner, with its bountiful supply of turkey and associated attractions, the splendid service by the Rebekahs added to the pleasures of the table. Mrs. Della Anderson, president of the Veteran Rebekahs, was in charge of the service, and was ably assisted by Mrs. Ella Baude, Mrs. Ella Mitchell, Mrs. Martha Ritchey, Mrs. Belle Rogers and Mrs. Anna Elliott. At each plate was an imitation pipe of paper, but in a green color that certainly was not imitation, being the greenest of green, in token of the advent of the birthday anniversary of Ireland's patron saint.

While J. H. Kerch, president-elect of the association, was the presiding genius of the assemblage, he relinquished the position of honor to Walter B. Tedford, who officiated as toastmaster, winning encomiums for himself for two hours, and contributing from time to time to the gaiety of the gathering by his witty comments and amusing anecdotes. In turn he introduced C. D. Overshiner, the retiring president; President-elect Kerch, Secretary I. D. Mills, Colonel B. Uttley of the Patriarchs Militant;

Professor J. J. Zieman, George Riley, Mrs. I. D. Mills, John Cubbon, Walter K. Robinson, Mrs. B. Uttley, A. C. Black, Mit Phillips, C. E. Parker, W. J. Cozad, Charles S. Shaw, O. H. Maryatt and Dr. Weiss of Del Norte, Colo.

NEWSY NOTES FROM MAGNOLIA SCHOOL

[From the Stanton Optimist.]
The heavy rains have broken into the school work very seriously this week. We held no school on Monday, although the teachers and a few pupils were forced to remain at the building until some one came for them.

Wednesday the seventh and eighth grade had a half holiday as Mr. Winters knocked the stovepipe down in trying to fix it.

To the surprise of everyone Miss Buehn spent her last day at Magnolia school on Monday. We all regret to have her go, but are glad to know that she goes to a much better position in the Los Angeles city schools.

Miss Voolstedt of Nebraska has taken Miss Buehn's place. We all like her and she says that she likes "our looks."

Harry Sisson visited school on Wednesday. He came down from Moor Park last Sunday. It seems good to have old pupils among us again. Harry says they all like their new home very well, but it's not Magnolia.

Anna Thomson, another of our last year's eighth grade, was a visitor a few weeks ago.

The seventh and eighth grades have begun their second period examinations. They took their drawing and music last week and the eighth grade had bookkeeping and physiology. This leaves six more for each class to take.

We were not very proud of our record in chinning, but nevertheless we are admitted to the final contest for the banner in chinning. It pays to make a try, even if you do feel you'll not win.

There are now more than 1500 members in the county of the Triangle League. Seventeen schools are said to be unrepresented.

The records in jumping were to have been taken this week but on account of the rains the date has been postponed one week.

SEVERAL SALES OF EL MODENA RANCHES

EL MODENA, March 8.—E. Severance has sold to Mr. Waffle, of Santa Ana, his 10-acre ranch at El Modena. Consideration something like \$1500 per acre.

Mr. Pitcher is putting his 5-acre ranch in shape for planting to lemons. It is a part of the Bartley ranch.

Mr. Blank has the ranch recently purchased from Harry Helwig in fine condition.

The little child of Alex Bracamontes, who died from whooping cough, was buried Thursday afternoon.

Ben Merrill and others have started for their new claims in Utah. They report it a fine country.

L. Paul Davis started Friday for Sacramento, where he is to resume his work at the continuation of the legislature, as committee clerk on civil service and good roads. He will also do some work for Senator Anderson.

He enjoyed the work very much during the first portion of the session. After this work is completed Mr. Davis will return to the Orange County Business College and complete his work there, making a specialty of shorthand and typewriting.

...HOUSEHOLD NOTES... MAUD E. GILLEY

Plaster casts which have hardly polished surfaces can be washed with a nailbrush and white soapsuds. The suds should be rinsed off and the casts well dried.

Painted woodwork can be made to look like new by rubbing it with a cloth dipped in whiting. When the whiting is dry, remove with soft cloth.

When underwear shrinks uncomfortably, it is often possible to save the drawers and sleeves by crocheting a sufficient length to cover the bare spots.

To remove water spots on a dress, dampen it in lukewarm water. Place over water spots on right side and press with warm iron till both pieces of material are dry.

A sewing screen with top handles is a handy thing to carry from room to room. It should be covered with cretonne, should stand strongly on its feet and be hung on one side with sewing needfuls.

To shrink woollens, wet a sheet and spread it over the table. Place one thickness of goods lengthwise of the sheet and roll sheet and material together. In the morning unroll and press the goods with a hot iron.

AMUSEMENTS

Henry W. Savage's delightful new production of "The Merry Widow" will be at the Grand Opera House Tuesday, March 25.

For this season Mr. Savage has assembled a cast of rare excellence. Mabel Wilber, who headed the company that made the transcontinental tour from New York to San Francisco, son before last, will appear in the titular role; Charles Meakins will be seen as Prince Danilo; Olga Roller will sing Natalie; Oscar Pigman, Arthur Wooley and F. J. McCarthy will be the three comedians. Vernon Delhart, by many accounted the foremost lyric tenor of America, will sing de Jolidon.

Under the skillful direction of Aldred Moulton, the "Merry Widow" orchestra will play Lehar's splendid score, and an ensemble that has been christened the "Gold Medal Beauty chorus," will add to the physical charms of the operetta.

Why not a pair of glasses? See Dr. Loersch, 116 East Fourth Street.

ALL YOU NEED IS A CASCARET TONIGHT

No Headache, Sour Stomach, Biliousness or Constipation by Morning

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never gripe or sicken.—Advertisement.

THE DESTRUCTION OF SODOM

Gen. 19:1-13; 12:29

I. Abraham Intercedes for Sodom.

Gen. 18:1-23.

1. Abraham's guests. "The judge of all the earth" (v. 25), and two angels on their way to minister to an heir of salvation (Heb. 1:14; 2 Pet. 2:7), all disguised in the garb of humble pilgrims, were entertained by Abraham unwitting their nature and dignity. He was richly repaid by the promise of a son through Sarah, and by a confidential interview with the Lord. Let me miss entertaining angels, let us be "given to hospitality" and show courtesy to all (Heb. 13:2; Rom. 12:13; 1 Pet. 3:8).

2. Abraham's interview with the Lord. (1) Abram, the father of the prophets, the depositaries of revelation, was taken into the divine councils (v. 17-19; Amos 3:7; John 15:15). (2) His intercession. The first of the prophets of Israel, he was the first of his priests, too, whose brazen and golden altars stood for propitiation and intercession for the whole world. (3) Abraham knew that Sodom and its sister cities were "wide open," and what the issue of the Lord's inquisition must be, and he interceded for mercy. Why? He had a kinsman there. We should intercede for our relatives (1 Tim. 5:8) though they may be "citizens of Sodom," or we shall be "worse than an infidel" (1 Tim. 5:8). Why? Again, because he would and should be a blessing to the world (Gen. 12:2), and intercession "should" be made for all men (1 Tim. 2:1). It is our duty to pray earnestly for twentieth century Sodom.

An example of intercession. (1) He "drew near" (v. 23; James 4:8). He reasoned with the Lord, urged various and ingenious pleas appealed to the attribute of justice and to the irresistible sovereignty of the Judge; pleaded that, at least, the righteous might be spared (perhaps that petition saved Lot's life). He was persistent, importunate, reverent and in all point after point. (2) The Lord conceded not silence the petitioner, but encouraged him to expect and attempt greater things. (3) The Lord did not stop giving until Abraham stopped asking. (4) Had there been ten righteous men Sodom would have been saved. "Ye are the salt of the earth" (Matt. 5:13).

II. Sodom and its Sister Cities. 1. Their location. (1) Its beauty, magnificent mountains, a crystal sea; the lower Jordan, meandering streams that burst in cataracts and fell torrents from mountain gorges, a tropical climate, and most fertile soil, made the vale of Siddim "like the Garden of Eden" (Gen. 13:10), a paradise, where

"Every prospect pleases and only man is vile."

2. Their Peril. "The vale of Siddim was full of slime pits" (Gen. 14:10). Bitumen, oil and gas abounded under the soil, and was exposed by fissures here and there. The cities themselves were cemented with bitumen. Spontaneous combustion sometimes occurs in such regions today. Perhaps an earthquake, an electric storm, brought on the catastrophe. The leading geologists today find conditions in the Dead Sea valley altogether harmonious with the Bible record. Sin, like Siddim, bears in itself the agents of its own destruction. Sodom became a symbol (a) of just and sin and crimes of the vilest and most unspeakable nature (Lam. 4:6; Isa. 3:9; Matt. 10:15; Jude 7; 2 Pet. 2:6); (b) of the anti-Christian Jerusalem of the end of time. It was guilty of all the crimes of Deuteronomy 27:15-26. (c) Its influence has corrupted the moral history of Asia and Europe, and its sins are still practiced. London, Paris, Berlin, St. Petersburg, New York, Chicago and San Francisco are all sisters of Sodom (Ezek. 16:46), and probably preserved only because of the righteous in them and saintly intercession. There is a sermon on the "Slime Pits of Sodom" and the application is (1) The Slime Pits of the Streets. (2) The Slime Pits of the Printing Press; Reading that ensnares. (3) The Slime Pits of Sensuality; Pleasures that kill. (4) The Slime Pits of Business; Commercial dishonesty. (5) The Slime Pits of the Saloon; The dangers of gambling and tipping. These are chief among sins and sources of destruction in our modern vale of Siddim. Because of these the crust is thin between our civilization and the bottomless pit. But for these our land might be "as the Garden of the Lord." But "for the sake of these things cometh the

wrath of God upon the children of disobedience" (Col. 3:6). This wrath of God is not only coming on the whole complex of our social system, "as it was in the days of Lot" (Luke 17:28-30), but it is here now in burning up the glorious strength of youth; scorching its moral loveliness; blighting peace of home life; making an arid desert of social community; drying up the streams that should diffuse general prosperity; cankering the gold and silver and ripening the age for that eternal judgment of which those ashen plains are an example (Jude 7; 2 Pet. 2:6).

Note: This lesson is designed to direct attention to this historic and prophetic example. If two angels came with such zealous devotion to rescue one man and his family from the holocaust, surely we may show equal zeal to save as many as may be from present and final retribution. III. The Rescue of Lot.

1. Lot in contrast with the men of Sodom. (1) He lodged the strangers in his house; they would have lodged them in the street. (2) He protected them; they attacked them. (3) He would have saved them at cost more dear than his life; they would have maltreated both stranger and fellow citizen. There is, after all, a vast difference between even a worldly minded believer and the world.

2. The angels did not go, but sent Lot to warn his children. (1) It is a father's business to save his sons and daughters from the fate of Sodom. It is man's business, not angels', to warn sinners. (2) The word of warning. "Up, get you out of this place; for the Lord will destroy the city." (3) Their treatment of the warning. "He seemed as one that mocked." Like the last day scoffers who say, "All things continue as they were from the beginning" (2 Pet. 3:4). They soon, but too late, changed their minds (Rev. 6:16, 17).

3. "The angels hastened Lot." (1) "Today if ye will hear his voice." "Now is the accepted time." (2) "Be like the sailor who ran below for a six pence in a pocket. Lot would have gone down with the ship, but the angels 'laid hold on his hand.'" "The Lord being merciful (propitious, Luke 18:13) to him." "Escape for thy life," they cried. "Look not behind thee," to long, or regret, that which God has cursed. "Escape to the mountain."

4. Lot's wife. "For Adam's lost race, God has opened a fountain." "But his wife looked back." Her heart was in Sodom. The storm of briny vapors overtook her in her tracks and she became a "heap of salt" (So the Heb.). And Jesus himself says, "Remember Lot's wife!" (Luke 17:32). None can break away from the sins that so easily beset us" (Heb. 12:1) if they look back. We must burn our ships behind us to conquer. Nor may we "stay in all the plain," but completely change our environment.

IV. The Judgment Executed.

The poet has well described it in the following lines:

"He overthrew those cities." "The warning was spoken; the righteous had gone. And the proud ones of Sodom were feasting alone. Hark, the growl of the thunder, the quaking of earth! Woe, woe to the worship, and woe to the mirth! The black sky has opened—there's flame in the air—The red arm of vengeance is lifted and bare! Then the shriek of the dying rose wild where the song And the low tone of love had been whispered along; For the fierce flames went lightly o'er palace and bower. Like the red tongues of demons to blast and devour."

COUNTY OFFICIAL SALARIES

The Register has felt that quite enough people and committees and civic organizations were advising and recommending the Orange county legislators with respect to the salaries of county officers, so that no great opportunity for public service along that line was presented to this paper. In other words we felt that Senator Anderson and Assemblyman Weisel would become possessed of all the essential facts in the matter and could be trusted to do the right thing. Even though partisan activity on both sides of the fence, and pressure of personal interest here and there, should attain a maximum of efficiency, it seemed highly improbable that the legislators could be misled or overpersuaded, for the light was being thrown on the situation from every possible angle.

However, the Register has been misquoted and misinterpreted in this connection and credited with views on the subject which it never expressed or even entertained.

As an example the Fullerton Tribune credits the Register with being opposed to a second judge for Orange county. The Register has never expressed or held any views warranting such a conclusion. This paper believes that a second judge should be provided either for Orange county or for Riverside county, to serve both counties for the next two years, and that then the county not now provided for primarily and permanently should be given a second judge. The evidence is conclusive that Orange county at this time is in greater need of a second judge than Riverside county, and it is also quite evident that one additional judge to serve both counties would be quite sufficient for the present. Therefore the Register favors a second judge for Orange county at this time to serve part of the time in Riverside county, and a second judge for Riverside county at the next session of the legislature.

Again, the Register is being quoted as favoring the consolidation of the offices of treasurer and tax collector. This paper has never expressed its views on that point. It might be an economical thing to do if done in such a way as not to jeopardize efficiency and security. But a better thing to do, in our judgment, would be to abolish the office of treasurer and deposit the county funds with the banks of the county at an agreed rate of interest or through competitive bids, with ample security.

As to the other offices the Register believes that the salaries should be such as to command the services of first-class men—not only men of honesty and clerical efficiency, but men of some force of character and personality. The business of Orange county is big enough to require first-class men to transact it. For instance, in the assessor's office a man of the right kind cannot be had for a low salary and the difference in value to the county between the services of a man of the right kind and one of the wrong kind would be tens of thousands of dollars. The same principle applies to all the county offices in varying measure and is especially applicable to the offices of district attorney, Superior Court judge and county clerk.

With the additional statement that the Register is unqualifiedly and unequivocally opposed to any recommendation or action in this matter that is in any degree expressive of political or partisan preference or prejudice, the views of this paper are fully stated.

AN OBJECT LESSON ON THE RECALL

The progress of the movement for the recall of Police Judge Weller of San Francisco is interesting and significant. The principal, or at least specific complaint against him is that he shows favoritism to men charged with criminal assault upon girls and other lesser but similar crimes against women.

Instead of the fury of a mob, a deliberateness that was almost discouraging has characterized the signing of the recall petition which has now been filed and verified. The nerves of the women who initiated the movement were worn to the breaking point and but for some steady assistance they would probably have failed in their endeavors. On every hand there was an aversion to recording an open signature although assurances were abundant of support at the voting.

Voters generally expressed themselves as decided to vote for recall, but signing the petitions "was another matter," they frankly said.

The temperateness of the campaign for signatures was pronounced, and

opponents of the judicial recall can not point to this initial test as exciting "the passions of the mob." The women, clergymen and others went to almost unreasonable lengths in maintaining a conservative attitude. They got from Judge Weller's court the record of bail bonds he had required in cases where girls had been attacked, and the issue was confined to this one point. Reckless argument was assiduously avoided.

It has been the friends of Judge Weller who have lashed themselves into fury in the discussion of the case. The women were greatly harassed in their work of circulating the petitions. From the very beginning representatives of interests that wanted to defeat the movement have been enrolled among the forces working for the recall. There has been a characteristic police court cunning in the efforts in behalf of Weller. The telephone has frequently been resorted to to threaten the women who were most earnest in the work. Several of them were thoroughly frightened.

There has been a wild race of aspirants seeking to run against Weller. One lawyer who was considered as the best man to put up gave the following explanation of his refusal: "Any lawyer who will be a candidate on the recall will be marked by all judges who are bitter against the recall law. The lawyer would be the victim of intense prejudice in his practice before the courts."

Opinions vary as to the outcome of the election. Anti-Progressive elements, to a considerable degree, will support Weller merely because the recall is a Progressive institution. The powerful police court influences will also be arrayed on the side of the recalled judge. However, there is also a powerful current of opinion that the way to begin rebuilding police court conditions is to make an object lesson of Judge Weller.

HIGH SCHOOL NOTES

Three members of the debating team visited Los Angeles Tuesday. They were Marshall Greathouse, Selwyn Sharp and Malcolm Tedford. Some valuable material was found for the coming debate with Manual Arts High in the Los Angeles library and also at the Socialist headquarters.

While in the city the debaters visited Miss Everett, former debating coach of the local school.

An interesting write-up of the Santa Ana school system has appeared in the Sierra Educational News, the official journal of the State Teachers' Association. Among the various items commented upon were the new Spurgeon school building, the care taken of the Spanish children, the new plan of supervised study in the high school, and the "poly" new building.

Sickness has attended several members of the faculty lately. This week three teachers have been absent from their classes. Misses Shatto and Norman have both been forced to remain at home the greater part of the week on account of measles, and Miss Arbuthnot has been troubled with some malady of the eyes.

Yesterday was Principal Hughes' visiting day. The commercial department of the Riverside and Redlands high schools were visited.

A letter has come to Principal McMahon from Pomona College announcing its honor students. Santa Ana is fortunate in having two on the list. They are Edna Beatty in French and Katherine Smiley in English.

The much talked of sketches by the oral expression section of the senior class were presented Wednesday evening in the high school auditorium to a large and appreciative audience of parents, teachers and friends. The "stunts" were under the personal direction of members of the senior class and were original productions of the students themselves. The affair was, in reality, a contest, the winning section to be

the guests of honor at a "weenie" bake given by the losers. Also it served as a try-out for the displaying of what dramatic ability the individual members may have and will probably affect the selection of the cast for the June class play.

There were in all five sections taking part in the entertainment. The oratory section presented "A Day in Court," another gave a short play; the third appeared in an amusing depot scene; another station act followed, and a mock wedding came last.

Mrs. Ratcliffe, Miss Petro and Mr. Hammond acted as judges and awarded first honors to "A Day in Court," and second place to the composition entitled "Zarzaquellita."

"A Day in Court" consisted of three scenes produced by Paul Schooley and under the direction of Malcolm Tedford. The first scene was a juvenile case, the second a "hobo" trial, and the last was arranged from "Silk Hat" Harry. A number of the characters were exceptionally good, but Paul Schooley was undoubtedly the star of the evening. As the criminal lawyer in the first and as the judge in the second scene he "brought down the house." Bert West very naturally fitted into the part of judge in the first and last scenes. Floyd Avery as "Officer 606," in the first scene, was a decided success. The other characters made the best of their opportunities. They were: Malcolm Tedford, Ralph Lowry, Theona Lovelady, Eva Martin, Fay Wright, Roy Phillips, Marshall Greathouse and Chauncey Pond.

The star parts of the playlet were taken by Clarence Pollard, Beth Merigold, Anna Walker and Horace Stevens. Hester Robinson and Anna Walker composed and directed it.

The following deserve special mention: Louis Briggs as the professor, Grace Birch as the college girl, Carson Smith as the minister, and Lennox Covington as the colored newsboy.

In answer to Dr. Baer's invitation of last week, 125 have signified their intention of attending the lecture by Dr. Henry Van Dyke in the Temple Auditorium on March 21. This number includes members of the senior and junior classes, the faculty and board of education. Considering the fact that the invitation was limited to the two classes mentioned, the number is very good.

Mr. Allen of the firm of F. V. Allen & Co. of Los Angeles, was down last week with samples of graduating announcements. The best of their opportunities, they were: Malcolm Tedford, Ralph Lowry, Theona Lovelady, Eva Martin, Fay Wright, Roy Phillips, Marshall Greathouse and Chauncey Pond.

The new weekly school paper made its first appearance Wednesday noon. It is a newsy little sheet and shows work on the part of the staff.

The students enjoyed a concert yesterday afternoon by the Occidental Glee Club. There is not a dull moment in one of their concerts. The club appears tonight at Spurgeon's Hall under the auspices of the high school.

The winners of the oral expression try-out enjoyed their reward last evening. The senior class and members of the faculty met at the high school and then walked out to the Santiago creek, where a jolly good time was in order.

Yesterday's assembly was in the nature of a track rally. A number spoke on Santa Ana's prospects for winning the county meet being held this afternoon. Keech, the distance man, Capt. West, Coach Ratcliffe, Principal McMahon and "Shorty" Smith expressed their opinions as to the chances of the locals. It has been "doped out" that it will require 46 points to win the meet, which means that Santa Ana will have to place in every event. It is also agreed that the closest race will be between Beche of Anaheim and Adkinson of the home squad.

At this meeting Sophie Hardy introduced a plan which is to be tried out. There have been a number of excellent speeches made in the English work of the different classes, and it is proposed that these should be delivered before the student body at its Friday assemblies. Two of these were given yesterday, one with the title, "The G.A.R.," by Mildred Shallenberger, and the other, "The United States," by Dorothy Seecombe.

Orange and Lemon Land

LOCATED IN A PROVEN DISTRICT

Those who contemplate purchasing citrus land will be interested to know the many advantages North Whittier Heights has to offer.

In selecting land for orange or lemon culture one should investigate conditions thoroughly, to avoid the possibility of future disappointment.

Soil, water, drainage, relative elevation—all are of utmost importance. North Whittier Heights has all of these features, and is in a PROVEN citrus district. Young groves adjoining this property, on land LESS FAVORABLY LOCATED, were not seriously injured by the recent cold spell.

The soil at North Whittier Heights is a deep rich loam, of the same character as the Whittier soil, which is widely known for its wonderfully productive qualities. It is easily worked, and retains moisture exceptionally well—requiring much less irrigation and fertilizing than the average soil of Southern California.

The land is being sold in 5-acre tracts, WITH WATER, on terms of one-fifth cash, one-fifth in two years, and the remaining three-fifths in five years from date of purchase.

HADLEY COMMENDS WILSON'S START

Sees Progressive Spirit in His Administration—Business is Good Through Country

LOS ANGELES, March 8.—Hert S. Hadley, recent governor of Missouri, and one of the strongest early supporters of the Progressive party, has been spending a couple of days in this city and Long Beach, leaving yesterday for Salt Lake City. He is on a lecturing tour.

The former governor expressed the hope that the progressive spirit marking the beginning of the administration of President Woodrow Wilson will continue. He said the business conditions throughout the country are good and were undisturbed by the change in administrations. There appears to be a general confidence, said the former executive, that these conditions will remain undisturbed.

President Wilson's inaugural address, according to the belief of the Missourian, indicates that the nation's chief executive will proceed with caution. General surprise, said Hadley, was created as a result of Wilson's appointment of Chancellor Houston of Washington university, St. Louis, to be secretary of agriculture, as Houston, while distinguished as an educator, is little known in political circles even in his own state.

A great deal depends upon President Wilson's executive ability, said the former governor, to prevent the repetition of mistakes made by Democrats while in control in former years.

HUNTINGTON BEACH PRINCIPAL RESIGNS

HUNTINGTON BEACH, March 8.—Charles C. Smith, now serving a second term as principal of the Huntington Beach grammar school, has resigned that position and the trustees have accepted his resignation to take effect on March 22. They released him from his contract to serve for the entire school year upon his request, coupled with the information that he has been offered the position of superintendent of schools at Orange, succeeding Prof. R. M. Durfee, who will go to Ventura to enter business. Not only the trustees of the grammar school but the entire population of this city regrets having Mr. Smith sever his connection with the local school as he is extremely popular here both as an instructor and as a citizen, and he and his estimable family will be greatly missed when they leave.

SUFFRAGETTE TO SERVE 18 MONTHS

Olive Wharry Sentenced for Arson; Announces Will Start Hunger Strike

LONDON, March 8.—Miss "Joyce" Locke, a militant suffragette, whose real name is Olive Wharry, was sentenced yesterday at the Old Bailey sessions to 18 months imprisonment after being found guilty of setting fire to a pavilion in the Kew Botanical Gardens on Feb. 29.

When arraigned in police court on the day of her arrest, she hurled a book at the magistrate and fought desperately against removal to a cell.

The court today ordered her to pay all costs and to deposit a \$1000 bond to insure her good behavior for two years after the completion of her sentence.

The judge warned Miss Wharry that she would be sentenced to an additional year if she did not keep the peace after finishing her prison sentence.

Miss Wharry declared that she would not pay the costs of the prosecution, and would immediately start a "hunger strike."

MRS. TRAGO ENTERTAINS

Two Delightful Parties Follow Each Other; Cherry Blossoms Made Glow of Beauty

Mrs. E. B. Trago was hostess at two social functions this week that were among the prettiest of the season. Last evening's affair included gentlemen and ladies, while on Thursday afternoon Mrs. Trago entertained a large company of ladies, most in each case being the diversion. The decorations for both affairs were of cherry blossoms, those tiny products of the flower world the making of which Dame Nature has bestowed most tender care to achieve such exquisite results. The blossoms were massed in brown baskets.

Mrs. Trago was assisted at each event by her sister, Mrs. John Spencer of Los Angeles. Monogram cards of gold and white were used in keeping the score and tiny wicker wheelbarrows, adorned with pink ribbon and led with nuts were the table favors. The delicious refreshments were served on the card tables.

The ladies in Thursday afternoon's list were Mesdames A. A. Avery, S. Briggs, O. H. Burke, J. W. Carle, Addie Collins, O. K. Forgy, W. L. Hubbard, Alice Harris, H. G. Hull, Hartle, C. F. Kelley, W. F. Lutz, A. H. Ross, H. T. Rutherford, Charles G. R. Reid, J. S. Rice, Robert J. S. Shaul, R. M. Scott, Carl rock, Sherman Stevens, J. W. Tubbs, D. Thomas, R. E. Whitford, J. F. Yasser, M. A. Yarnell, Roy Whitson, R. S. Roper, Frank Remsburg, and I. Clark.

Thursday's prize winners were Mrs. Charles Kelley, winning first prize, a hand-painted violet vase. Mrs. Avery took the second prize, hand-painted tin and pepper shakers, and a tiny minipan consoled Mrs. Charles.

The winners of first last evening were Mrs. H. T. Rutherford, who won casserole vase, and Chas. Woodford, traveling case. Those taking second prizes were Mrs. L. A. Collier, hand-painted vase, and F. C. Rowland, a pair of Pullman slippers; Mrs. V. Davis and Chas. Kelley were consoled with an aluminum pan and a pair hand-painted salt and pepper shakers, respectively.

Mrs. Trago was assisted last evening by her son Eugene Trago; her sister, Mrs. John Spencer, and Mrs. C. Rowland.

The guest list included the following: Messrs. and Mesdames J. W. Shop, J. I. Clark, L. J. Carden, L. A. Oliver, F. H. Case, F. B. Case, C. V. Davis, G. A. Edgar, W. A. Huff, J. C. Patton, C. S. Kendall, A. H. Lyon, J. C. Porter, H. T. Rutherford, Fred Rafter, Parke S. Roper, James Roberts, W. Tubbs, B. E. Turner, E. W. Winrow, Chas. Kelly, F. C. Rowland; Mrs. W. L. Tubbs, Miss Dresser, Miss Yasser; Geo. Dryer, Chas. Woodford, P. Nickley.

Elected Officers
The ladies of the First Presbyterian Society, at the regular meeting yesterday, elected the following officers for the year: President, Mrs. L. Morrison; first vice president, S. H. T. Rutherford; second vice president, Mrs. E. B. Smith; third vice president, Mrs. A. W. Ames; fourth vice president, Mrs. J. A. Benson; secretary, Mrs. W. E. Arnold; treasurer, Mrs. Geo. Whidden; chairman Goodwin, Connell, Eckley, and J. W. Blee, executive committee.

JOYOUS CLASS PARTY

Fifty Ladies Gathered at Home of Mrs. J. F. Runyon in All-Day Affair

The lovely new home of Mr. and Mrs. J. F. Runyon, 416 South Birch street, was the scene yesterday afternoon of a delightful gathering when the ladies of the Bible Class of the First Baptist Church, taught by Mrs. J. S. White, assembled for an all-day meeting.

A sumptuous three-course dinner was served at noon, four tables being set for the half hundred ladies. Violets adorned the tables and the rooms were decorated in the fragrant flowers. The place cards were also of violet design.

Before the dessert was brought in a huge birthday cake was placed before Mrs. Martha Runyon, aunt of Mr. Runyon. It was a complete surprise as the honored lady, who was 80 years old yesterday, had forgotten that the day was anything out of the ordinary. Mrs. White made the presentation speech, expressing the congratulations and affection of the class. Each lady then took a candle, lighted it and placed it on the lovely cake, each making a wish for Mrs. Runyon as she did so. After the candles were all placed, the cake was cut and eaten with the delicious ice cream that was served. This class has a custom of celebrating the eightieth birthday of any member, and this is the second one observed.

Mrs. White later announced the following officers for the coming year: Mrs. Lydia Baker, president; Mrs. C. G. Swezey of Orange, secretary; Mrs. W. T. Van Cleave, treasurer. It was decided to raise a fund for furnishing a class room in the new church, and over \$30 was raised immediately. The afternoon following the dinner was spent in conversation and needle work.

Pleasant Evening

The Young People's Society of the Zion Evangelical church held a social last night at the home of A. Schildmeyer on Grand avenue. A brief business session was followed by a program which was much enjoyed. It included a piano duet by Miss Hoefler and Miss Schildmeyer; reading by Mrs. Arthur Hoefler; violin solo by Otto Schroeder; "Joshes" by Miss Hoefler; vocal solo by Mrs. Arthur Hoefler.

Games followed and refreshments were served later in cafeteria style, ending a very pleasant evening. Forty-two guests were present.

Afternoon Party

Mrs. O. C. Emmerson entertained a party of friends at her cozy home on Riverine avenue last evening. After some delightful music and entertaining conversation an appetizing supper, served by the hostess, was enjoyed.

Attended College Luncheon

Mrs. W. F. Palmer was a morning passenger to Los Angeles, where she attended a college luncheon given by the Southern California Carleton Club, of which college she is an alumna. She also spent the evening viewing the fashion show.

Auto Party for Arrowhead

Mr. and Mrs. E. B. Burns and Mr. and Mrs. C. E. Lammie, in the Lammie automobile, and Mr. C. Tiede, the Misses Tiede and Miss Lida Covert, in the Tiede machine, motored to the Arrowhead Hotel this morning to remain over Sunday.

FEDERATION OF CLUBS

Orange County Organization Is Called to Meet at Anaheim on Saturday, April 5

Mrs. Flora M. M. Pyle has issued the following notice for the coming meeting of the Orange County Federation of Woman's Clubs:

All the women's clubs in Orange county please take notice—the Anaheim Ebell Club has invited the Orange County Federation to meet with them on Saturday, April 5, at 10 a. m., at I. O. O. F. hall, this city. All the ladies are expected to bring their own lunch. Hot coffee will be furnished by the hostess club.

There will be a meeting of the county executive board at 10:30 to elect another corresponding secretary, receive and act on all applications from clubs desiring to join the county federation (each application must be accompanied by \$1, as there are a few bills to be met) and transact such other business as is necessary. All clubs applying for membership should send applications to the president, Mrs. Flora M. M. Pyle, Box 24, Westminster. All clubs joining the federation are entitled to delegates comprising the president and one delegate for each 25 membership.

All club members are invited to be present at this meeting and join in the good time, the object of the meeting being to get acquainted and to compare working plans for the promotion of better conditions in educational, moral, social and civic affairs in Orange county.

Several questions of importance will come before this meeting, also the election of a nominating committee to report at the annual meeting in the fall. It has been thought best to change a part of the name of the organization, substituting some other word for the word Federation. Also it is proposed to amend Section 1 of Article 7 of the constitution and transact such other business as may be actually necessary looking to the consolidation of all the working force of woman's club work in Orange county, especially in respect to endorsing or opposing laws that affect women, children or the home.

Hoping that as many as possible who can do so will be present on April 5, with their best and most helpful ideas, I remain, sincerely yours,

FLORA M. M. PYLE,
President Orange County Federation of Woman's Clubs, Box 24, Westminster, Cal.

"FROM THE MANGER TO THE CROSS"

"From the Manger to the Cross," the wonderfully realistic motion picture production representing the principal events in the life of Jesus of Nazareth, which is to be exhibited at the Temple Theatre Sunday and Monday, March 16 and 17, is the only picture of this or any other kind ever made entirely in the Holy land, every scene in the remarkable biblical picture-story having been photographed in authentic locations in the Holy land.

All the more important events which transpired in the lifetime of Christ are depicted, each scene being located at the exact spot in Palestine and Egypt where Jesus and his disciples and the other biblical characters actually stood at the time these momentous events were transpiring, so far as historians and archaeologists have been able to determine.

Beginning with the annunciation, the scenes, presented in chronological

order carry one through the boyhood of Christ; His public ministry; the calling of His disciples; the worker of miracles; the healing of the lame, the halt and the blind; the raising of Lazarus; His life in the home at Bethany, and His departure from Judea. Next is shown those stirring events of His last week upon earth: the joyful events of Palm Sunday; Christ driving the money changers from the Temple; the conspiracy of the Scribes against Him; the first communion and last supper; the giving of the sop to Judas; the betrayal, arrest and trial before Pilate; the scourging, and finally, the tragic ending on the Cross.

Every scene is handled with a reverence that has robbed the production of any atmosphere of acting and one can easily imagine himself back in the Holy land witnessing the actual events which gave to the world its foundation for Christianity.

He arrested Lyman on the charge of using the mails to defraud and the accused will be returned to Los Angeles for trial.

PROSPERITY ALL OVER STATE SHOWN

(CONTINUED FROM PAGE ONE)

runoff has been very light. From an agricultural point of view conditions have materially improved and the great staple crops appear to be coming on nicely. Some damage was done by frost to almonds and apricots now blossoming; but otherwise there have been no setbacks due to climatic conditions, and the outlook is favorable.

Francis Hope, secretary of the board, will leave this coming month for Ghent, Belgium, to take charge of the California exhibit, which has been already shipped.

Progress and activity seem to be the order on every hand in California. Purchase of large tracts for subdivision into smaller farms goes on with increased vigor. Capital is waking up to the sure promise of eager demand for cultivable lands in the near future. First hand opportunities cannot be had for long. Among the more important projects may be mentioned: Sale by J. H. Henry, Atascadero Ranch, 22,000 acres, at \$100,000, to E. G. Lewis, publisher, St. Louis, for a model city for women, a philanthropic enterprise on an industrial basis in which are interested with him a large number of publishers throughout the country. The California Properties Company has taken over 5000 acres near Oroville for subdivision. Water rights go with the land, which will be put in oranges, olives and figs. The Garrett Front Hill Ranch, 2520 acres, mostly already in bearing orchards, has been sold to San Francisco parties for subdivision. The Solano Farms Company has bought from W. F. Gardner of Fresno the Hastings Ranch for \$550,000 and will promptly develop it with their other holdings. \$80,000 worth of small sites were recently sold at Valley Oaks, near Galt, in Sacramento county, in one day. A new town—"Citrus"—near Sacramento is to be established on the 20,000-acre Natomas tract for convenience of fruit shippers. A New Yorker has bought an olive tract near Oroville for \$100,000. 75,000 acres of "delta" land is to be subdivided by the California Delta Farms Company.

San Jose is making surveys to be made a port. She asks \$100,000 from the legislature and will give \$200,000 herself. The United States government has made an appropriation for a survey to deep water. The saving to fruit shippers is estimated at a large figure.

FULLERTON'S NEW SCHOOL DEDICATED

President of Occidental College
Principal Speaker at
Ceremonies

FULLERTON, March 8.—President John Willis Baer of Occidental College was the principal speaker at the dedication of new buildings of the Fullerton Union High School district which occurred here Thursday night. One thousand people were seated in the fine auditorium recently finished, including students and patrons from all the outlying districts. Besides the address of Dr. Baer, whose subject was "Some Things Not in the Curriculum," the exercises included brief speeches by L. P. Drake, president of the board of trustees, and Delbert Brumton, principal of the school. There were also some good musical numbers by the High School orchestra and Glee club. There are ten buildings in the group just completed for school purposes, and seven smaller buildings used for accessories.

These buildings, fully equipped, cost \$250,000, and form one of the finest and most complete school plants in the state.

The Fullerton Union High School was organized in 1893 and includes the districts of Fullerton, Placentia, Olinia, Randolph, La Habra and Orange. It has an assessed valuation of \$9,250,000.

The school was enrolled this year 201 students. The school library contains more than 2000 volumes. The student body publishes a sparkling semi-monthly paper, The Pleiades. Fifty per cent of the students are brought to school in automobiles owned and operated by the school.

FROM "DELIGHT IN GOD"

The highest honors that the world can boast,
Are subject far too low for my desire.
The brightest gleams of glory are at most
But dying sparkles of Thy living fire.
The fondest flames that earth can kindle
Be but nightly glowworms if compared to Thee.
Without Thy presence wealth is bags of cares;
Wisdom but folly; Joy, disquiet, sadness;
Friendship is treason and delights are snares;
Pleasure but pain, and birth but pleasing madness.
In having all things and not Thee what have I?
Not having Thee, what have my labors got?
Let me enjoy but Thee, what further crave I?
And having Thee alone, what have I not?
I wish nor sea nor land; nor would I be
Possessed of heaven, unpossessed of Thee.

—Francis Quarles (1620).

It will rid you of your cough, or we will refund your money. J. J. Owens, of Alameda, S. C., writes the way hundreds of others have done. FAITH IN CITRUS FRUIT INDUSTRY

General Manager of California
Fruit Growers' Exchange
Gives His Views

Claiming the citrus growers have many difficult problems before them for solution, but expressing abounding faith in the future prosperity of the industry, General Manager Powell of the California Fruit Growers' Exchange addressed the Kappa Sigma Alumni of Southern California last night at the University Club in Los Angeles on the "Citrus Industries of California and Europe."

After presenting facts and figures regarding the industry and comparing the growing and handling systems of this state and Europe, Powell enumerated the industry's problems. The tariff was put foremost, as Powell considers the cutting of present duties will cause at least temporary distress to the industry. He said conditions will doubtless readjust themselves.

Powell also made a plea for lower railroad rates, asserting the European growers have rates from Naples and Palermo to New York and thence to the interior of the east that are much lower than rates offered east from this state. Considerable attention was given to the co-operative marketing system. This system Powell asserted has saved the growers hundreds of thousands in the past by eliminating the middle man.

Powell requested his auditors to support the plan for securing sizable appropriations for founding a graduate school of sub-tropical agriculture and increasing the efficiency of the citrus experiment station.

LOS ANGELES PRODUCE MARKET
It is not unlikely that there will be a slight advance in banana prices within a few weeks, as the coming of spring generally brings about a growth in the eastern demand. Some dealers predict a rate of about 4 to 4½ cents a pound soon. The present price is 3½ cents. The market is apparently deluged with heavy apple receipts again. The general feeling seems to be easy for nearly all varieties. Small shipments of loquats come in occasionally. The season should begin in earnest shortly.
Considerable asparagus was in evidence. The white variety sold around 25 cents, and the green around 5 cents a pound. Some red cabbage was still on show. It remains at about \$2.50 per crate. Potato receipts were good. Onions were about steady. Sweet potatoes were rather firm. Some very large eggplants are received from Mexico. Other vegetables were in fair supply.
There were no changes in the staple market. Things seem rather quiet in this regard temporarily. The next event of importance should be the expected decline in butter. Receipts have been increasing of late. Cheese showed a little easier feeling, and should follow butter in a decline. Reported receipts were: Eggs, 676 cases; butter, 28,234 pounds; cheese, 2000 pounds; potatoes, 4188 sacks; sweets, 52 sacks; apples, 7955 boxes.

BUSINESS QUIET AT THE COURT HOUSE

Small Grist of Matters That Are to Receive Judicial Consideration

Quietude occupied the superior court today, but the machinery of justice was in operation just the same, though there was no exterior evidences of the fact. While there was no session of the court, there were many other matters that will sooner or later receive Judge West's attention, that were being brought into County Clerk William's department en route to court.

Petition was filed this morning by N. T. Edwards, administrator of the estate of the late Samson Edwards, asking for the final distribution of the property and funds and the closing of the administration of the estate. Samson Edwards died intestate March 26 last, leaving extensive property holdings in Santa Ana and Orange county. His heirs are three sons, W. J. H. and N. T. Edwards, the three children of a deceased daughter and another daughter, Mary I. Rogers. The grandchildren are Raymond and Sadie B. Bowsley and Ethel Yontsey. The administrator reports the receipts of \$12,683, and the payment of an inheritance tax of \$430.80.

In the matter of the estate of Lillian Mae Book, and the guardianship of her surviving child, Dorothy D. Book, an inventory of the estate was filed this morning by Mrs. Albert C. Garris, showing it to be worth \$9236.42.

Rev. J. H. Scott, county probation officer, filed petition in the superior court today for the consideration of the case of Gilbert Arbisio, the Orange youth arrested Thursday night in Orange on the charge of burglary. Arbisio is but 15 years of age, and his case will come within the provisions of the delinquency law.

Interviews Negro
Sam Henderson, the negro charged with robbery in connection with Will I. Smith and upon complaint of Earl D. Gray of Anaheim, was interviewed by District Attorney West this morning at the latter's office in the court house. What the result of the interview was, the district attorney declined to make public. It is reported that the negro maintains a strict silence, but the authorities are confident that he will make a clean breast of the entire case before his trial.

FEW CHILDREN ARE SCHOOL ABSENTEES

Orange County Superintendent Reports Conditions Here as Extra Good

"The Orange county schools are well attended," said Superintendent R. P. Mitchell today, referring to the reported conditions of schools in other parts of the country where bad roads and poverty cause the non-attendance of practically one-fourth of all the children of school age.

"No such condition exists in this county," said the superintendent, who is familiar with existing conditions in every school district in the county. "We have a few, and only a few, children who do not attend regularly, and these are promptly reported to the probation officer who looks after them. We have no complaints because of poor road conditions as are complained of elsewhere. And extreme poverty is unknown here."

FOLDED HANDS

Pale withered hands that more than four score years

Had wrought for others—soothed the hurt of tears,

Rocked children's cradles, eased the fever's smart,

Dropped tenderest balm in many an aching heart—

Now stiffened, folded, like wan rose leaves pressed,

Above the snow and silence of her breast.

In mute appeal they tell of labors done

And well earned rest that came with set of sun;

From the worn brow the lines of care are swept

As if an angel's kiss the while she slept

Had smoothed the cobweb wrinkles quite away

And given back the peace of childhood's day.

A smile is on the lips as if she said,

"None know life's secret save the happy dead."

And, gazing where she lies, we feel that pain

And parting cannot cleave her soul again.

And we are sure that they who saw her last

In that dim vista which we call the past,

Who never knew her old and weary eyes

Remembering best the maiden and the bride.

Have sprung to greet her with the olden speech,

The dear sweet names no later love can teach.

And "Welcome Home" they cried, and grasped her hands—

So dwells the mother in the best of lands.

ATHLETES GATHERED FOR ANNUAL MEET

Several dozen athletes from the high schools of Orange county this afternoon are contesting on the track and field at Athletic Park, the occasion being the annual inter-school meet. The weather is perfect for such a meet, and the gathering shows an unusual amount of interest in the events. The various schools are enthusiastically voicing their partisanship.

AMUSEMENTS

HAZEL EDWARDS COMING

The Salinas Index of Feb. 26 has the following concerning the appearance in that city of the Hazel Edwards company, which is booked to play at the Grand Opera House Tuesday, Mar. 11:

"The Hazel Edwards company, under the management of Prof. Zella, gave a pleasing entertainment at the opera house last night and was greeted by a good sized audience. The company is not large, but it is good, making up in quality what it lacks in numbers. The program consisted of a minstrel first part, an olio of high

class specialties, with a one-act farce "How a Woman Conquered," as finished in the first part the end men, Vernon and Charles Hoy, made a decided hit with their songs and jokes and the lady members sang excellently some of the favorite popular old time songs. Among the numbers were "That Old Girl of Mine," by Len Golan; "Whistle and I'll Wait for You," by Caroline Hoy; "After the Honey Moon," by Edith Nagel, and "Songs My Mother Used to Sing," Hazel Edwards.

"In the olio specialties were Miss Golan, Vernon & Nagel, the Hoy and Miss Edwards. The audience kept laughing most of the time by the witticisms and jokes of the comedians. Miss Edwards made a hit with her imitations of a three-year old baby singing.

"How a Woman Conquered" was funny from start to finish and kept the audience roaring. It was a good, clean entertainment throughout, and the various acts were well received. A better show for the prices has seldom been seen here."
